

The Difference Maker's Creed

I am a difference maker.
I lead with

Authenticity

knowing who I am as a person and leader is more important than my title, accolades, or personal achievements.

I am a difference maker.
I develop

Self-Efficacy

in my teachers knowing their belief in themselves and their capabilities will empower them to face all that lies before them.

I am a difference maker.
I build

Collective Efficacy

in my staff knowing their belief in each other will take them further than they could ever imagine going alone.

I am a difference maker.
I value

Trust

as an integral part of success in my school, knowing positive relationships are the key to our school's culture.

I am a difference maker.
I listen with

Empathy

to my teachers knowing I will never fully understand where they are coming from yet caring enough for them to try to understand anyway.

I am a difference maker.
I unite a shared

Vision

with my staff knowing the collection of our unique differences and strengths is the only thing that will get us to where we want to go.

I am a difference maker.
I forge my

Legacy

through the daily beliefs, actions, and interactions of those I am privileged to serve.

For I am a difference maker.
