

The Virginia Tiered Systems of Supports (VTSS), led by the Virginia Department of Education, collaborates with state universities to provide coaching, technical assistance, and professional learning to school division teams to establish and sustain the implementation of their multi-tiered systems of support (MTSS). The vision of the VTSS is to build sustainable MTSS through collaboration with divisions, schools, families, communities, and students that results in equitable and improved academic, behavioral, and social emotional outcomes for all. The purpose of this document is to share the reach of the VTSS during the 2023-2024 academic year.
