

Family/School Partnerships Activity

After mapping the strategies/activities related to strengthening family/school partnership, choose one or two to evaluate how they do/do not incorporate the following

- If they do - how?
- If not - how might they be made to?

Activities/Strategies Chosen

Linked to Learning
(connects families to the learning goals for the students and/or district/school goals.)

Relational *(building personal connections)*

Developmental
(meeting others where they are at and focusing on gradual change/improvement in something over a period of time)

Collaborative
(involving people or groups working together to produce something)

Interactive *(involving people communicating with and reacting to each other)*
